❖ EDUCATION

– **Universitas Muhammadiyah Bandung** **October 2021 – June 2025**

- Bachelor's Degree Of Management.

❖ WORKING EXPERIENCE

– **Kementerian Kelautan Dan Perikanan (Intern)** **January 2026 – June 2026**

- **Financial Analyst Intern**
  - Contributed to the preparation, analysis, and reporting of the Government Internal Control System (SPIP) and the Integrity and Performance Improvement Plan (PIPK) for Fiscal Year 2025, participated in organizational risk identification and assessment processes, and supported the development of risk-based internal control frameworks to strengthen governance and regulatory compliance. Assisted in the preparation and drafting of the 2026 Annual Work Plan through data analysis, financial documentation, and coordination with relevant stakeholders.

– **Hanke Koper Indonesia** **June 2025 – December 2025**

- **E – Commerce & Digital Marketing Manager**
  - Managed and optimized all company marketplaces (Shopee, TikTok Shop, and Blibli), including integrated inventory management through third-party systems (BigSeller), campaign planning, advertising strategy, and brand development.
  - Achieved a 25% increase in Shopee revenue and drove TikTok Shop sales to IDR 1 billion within 3 months through data-driven marketing strategies and performance optimization.
  - Analyze sales data and marketplace performance to develop short- and long-term marketing strategies aimed at driving revenue growth, including Double Date Campaigns, Payday Sales, Peak Day Campaigns, and seasonal events.
  - Optimize marketplace advertising across Shopee, TikTok Shop, and Tokopedia through advertising performance evaluation, budget management, and ROAS/ROI optimization to maintain cost efficiency and campaign effectiveness.
  - Develop and implement live streaming commerce strategies, including program planning, scheduling, product selection, promotional initiatives, and performance evaluation to drive sales growth.
  - Develop product marketing and product rotation strategies based on product performance, market demand, and growth potential to improve sales effectiveness and accelerate inventory turnover.

– **Orca.Essential** **March 2023 – March 2025**

- **Marketing Team – E Commerce Specialist**
  - Managed end-to-end marketplace operational requirements, including product listings, promotional pricing, discount pricing, and price adjustments across multiple e-commerce platforms.
  - Designed and optimized marketplace storefronts and homepage layouts to enhance visual appeal, improve customer engagement, and support conversion rates.
  - Monitored and analyzed product advertising performance to optimize ROAS and ROI, ensuring efficient budget allocation and maximizing advertising effectiveness.
  - Conducted product performance analysis and segmentation to categorize products into targeted advertising campaigns based on sales potential, performance metrics, and strategic objectives.
  - Led end-to-end live streaming operations, including promotional planning, host performance monitoring, and sales tracking.
  - Developed daily flash sale campaigns and optimized live commerce activities to drive customer engagement and sales.
  - Prepared weekly and monthly performance reports to monitor sales and operational performance.
  - Increased live streaming sales by over 50% through promotional optimization and performance monitoring.

❖ PROFESSIONAL SUMMARY

Bachelor of Management with hands-on experience in financial analysis, internal control systems, risk management, and business operations. Currently serving as a Financial Analyst Intern at the Bureau of Finance and State-Owned Assets (BMN) under the Ministry of Marine Affairs and Fisheries of the Republic of Indonesia, contributing to the preparation of SPIP and PIPK reports for Fiscal Year 2025, risk identification and assessment processes, and the development of risk-based internal control frameworks in accordance with government regulatory standards. Also involved in supporting the preparation of the 2026 Annual Work Plan to strengthen organizational governance and compliance.

Previously managed multi-platform e-commerce operations, achieving a 25% increase in Shopee revenue and generating IDR 1 billion in TikTok Shop sales within three months through data-driven business strategies and market analysis. Possesses a strong analytical mindset with the ability to bridge financial governance, risk management, and business performance. Open to opportunities in finance, risk management, business analysis, internal control, and strategic roles.
